

## The Best Parenting Websites

It's a dot-mom world—and you're speeding down the information superhighway. Slow down and pull over at these not-to-be-missed sites.

by Lori Bergamotto

### Best for Practical Information

[thecradle.com](http://thecradle.com)

**What it is:** An all-questions-answered primer for the newly pregnant and the newly parenting, with eco-friendly undertones.

**Why it's worth your time:** No need to troll multiple sites when you can get one-stop shopping here: parent-to-parent advice, cool baby gear, and green-living guides.

**Don't miss:** The useful and easy-to-navigate baby-name database: more than 50,000 names tailored to the origin, the level of popularity, and the letter you desire.
